adolescents and young adults
with cognitive, social, emotional, and behavioral struggles.

Mission & Philosophy

Waterfall Canyon Academy is dedicated to helping our students and their families overcome current and past difficulties in order to live happy and productive lives. We believe through our team approach, therapeutic services, and nurturing environment, each student can define and achieve "their" success. WCA provides support and guidance congruent to students learning the skills needed to function at their highest potential while identified strengths and healthy interests are expounded upon and cultivated to encourage peak independence and self-reliance.

Program Continuum

Waterfall Canyon Academy is a community Based therapeutic program that offers a continuum of care and services. Our continuum starts with a highly structured residential placement and progresses toward Transitional Living, Independent Living, and Support Services. Students at Waterfall Canyon Academy can benefit from services for an extended period of time before "aging out."

Academic Opportunities

Waterfall Canyon Academy has access to a variety of academic settings. Our own OakGrove School offers academic services to our middle and high school students. It is accredited through AdvancEd and prides itself on providing a positive and memorable educational experience. Our students have access to the Ogden Weber Applied Technology College and Weber State University, both within close proximity of our programs.

Therapeutic Services

Waterfall Canyon Academy offers each student an individualized treatment plan, individual therapy, family therapy, and multiple options for group therapy. Our therapist offices are onsite, in the programs, where therapists interact with our students casually and formally. In addition, trained staff provide A.R.T., Social Skills, and Daily Living Skills classes daily.

Thank you for considering Waterfall Canyon Academy for your son or daughter! We value the relationships we have with our students and their families. It is our goal to help every student find "their success," and ultimately success for the entire family. If you would like to further discuss our services and compatibility, please let me know!
